Both Power & Manual boxes can be found in the 1960s & early 1970 GM cars or Jeep vehicles 1972 & newer. When using power steering, we recommend obtaining the pump and hoses off of the same vehicle. We now offer boxes & pumps listed at the end of the Steering section. The location of the Saginaw steering box will require a spud shaft.

If you get an entire setup for a Jeep from the same year or so, it should go fairly easy. There is some finagling that has to be done to get the power steering gear box into place as the frame may have developed warpage or bending due to running larger tires with the manual gear box. A power steering conversion is great when the engine is running.
