Strategy The Logic Of War

Strategy is made of such seemingly self-contradictory propositions, Edward Luttwak shows—they exemplify the paradoxical logic that pervades the entire realm of conflict. In this widely acclaimed work, now revised and expanded, Luttwak unveils the peculiar logic of strategy level by level, from grand strategy down to combat tactics.

Strategy: The Logic of War and Peace - ResearchGate

Because war is the only way to lead to peace. Strategy is governed by the paradoxical logic where everything turns into its opposite. War brings peace by literally burning, destroying the resources needed to make war to some extent; much more importantly, by destroying the hopes, the ambitions, the expectations that drive war.
