Such analysis will include the historical criticism already referred to, in which intellectual and imaginative works are analysed in relation to particular traditions and societies, but will also include analysis of elements in the way of life that to followers of the other definitions are not 'culture' at all: the organization of production, the structure of the family, the structure of ...

The Analysis of Culture – Raymond Williams | ART THEORY

Raymond Williams coined this phrase in Preface to Film (1954) to discuss the relationship between dramatic conventions and written texts. What concerned Williams was the social acceptability of particular conventions—think of the theme of mistaken identity which is rife in Shakespeare's plays which without the benefit of special effects relies on convention for its plausibility.
